To whom it may concern:

Burgbrohl, July 2019

Dear Sir or Madam,

In reply to your question according to REACH conformity and/or the candidate of substances of very high concern (SVHC) we would like to inform you that we supply you with "Classic Abrasives Products" (coated abrasives, non-woven abrasives, bonded abrasives, super-abrasives), which are regarded as articles under REACH. As a supplier of articles we have the duty to inform you about the substance that appear on the candidate list of substances of very high concern (http://echa.europa.eu/candidate-list-table/) and are present in a concentration above 0.1% in the products you receive from us.

We will closely follow the updates of this list. We will automatically inform you as required by REACH and the CLP Regulation whenever a substance – which is identified as being of very high concern and/or which has to be labelled according to its classification – is present in amounts above 0.1% in products you receive from us.

In any case, we would like to assure you that we are well aware of the REACH and CLP Regulations and committed to meeting our legal obligations. This also implies that we are exchanging all information which is necessary under REACH and CLP with our own suppliers.

Furthermore we confirm that the materials detailed in appendix XVII of REACH VO are not contained in the formula for our products or these materials are below the legal threshold values.

Yours sincerely

RHODIUS Schleifwerkzeuge GmbH & Co. KG
